To change the system's time you will use the "WRKSYSVAL" command.
On the command line type "wrksysval *all" and press ENTER (see below)

```
MAIN                        i5/OS Main Menu
                                                    System:    S10162CA
    Select one of the following:

         1. User tasks
         2. Office tasks
         3. General system tasks
         4. Files, libraries, and folders
         5. Programming
         6. Communications
         7. Define or change the system
         8. Problem handling
         9. Display a menu
        10. Information Assistant options
        11. iSeries Access tasks

        90. Sign off

    Selection or command
    ===> wrksysval *all

    F3=Exit    F4=Prompt    F9=Retrieve    F12=Cancel    F13=Information Assistant
    F23=Set initial menu
    (C) COPYRIGHT IBM CORP. 1980, 2005.
```

The screen below will be displayed. In the "Position to.." field enter "QTIME" and press the ENTER key.

```
